FROM THE WINEMAKER

Daniel's Vineyard is located in the Midwest among great soils, plentiful rain, and plenty of heat to ripen grapes. Daniel's Vineyard is site to soil that is conducive to producing quality grapes. Each variety in the vineyard was purposely planted with knowing that the key to success in any grape growing region is matching the variety to the site.

VARIETAL NOTES

This wine is a blend of Marquette, Chambourcin and Noiret grapes, three grapes grown on the Daniel's Vineyard estate. All three are hybrid grapes and each varietal brings a different aroma and flavor to the blend.
